

Moisturizing Gel Socks

Model # GELSOCKS-1P
Made In China

Our Secure[®] Moisturizing Gel Socks proprietary gel blend on the inside is infused with Jojoba Oil, Vitamin E, Olive Oil and Lavender. This blend of oils nourishes feet skin while simultaneously providing cushioning and protection against blister and callus formation.

Our socks are made from ultra-soft 100% Cotton to ensure the highest level of comfort.

Non-skid bottom helps prevent falls on dry floor surfaces. Secure[®] Moisturizing Gel Socks will make your feet softer and smoother—and you will feel like you are walking on air... Guaranteed!

Instructions: Secure[®] Gel Socks may be worn 3-4 times per week or as needed. If desired, socks can be worn overnight. For intensive overnight treatment, we recommend applying moisturizing lotion to each foot before putting on the socks

Caution: Consult a physician prior to use for skin conditions such as psoriasis or eczema. Remove the socks for a period of 2-4 hours daily to allow skin to breathe. Do not wear over open wound. No warranty or responsibility of use expressed or implied.

Washing Instructions: Wash as needed. Hand wash in warm water using a mild soap. Hang inside out to drip dry.

Secure[®] Gel Moisturizing Socks are reusable. For best results, replace gel socks after approximately 50 treatments.

One size fits most.
