

# FALL MANAGEMENT SKID-RESISTANT SLIPPERS

Model # SLPR-1 • Made In China

Ideal for use in nursing homes, hospitals, at home, dorms, gym locker rooms & hotels

- Ultra soft, extremely comfortable cotton terry uppers.
- No inside back seam to create heel skin issues. Competitive slippers have inside back seam.
- Grooved skid-resistant soles designed to prevent slipping on dry floor surfaces.
- Expanded foot opening for user or staff member to easily place slippers on feet.
- Higher back on uppers to minimize slippers coming off feet when worn.
- Sizes for men and women clearly marked on bottom of sole.
- No need to memorize a color and size combination like competitive slippers require.

**WARNING: Fall management slippers are not designed for walking on wet or slippery floor surfaces. If assisting a patient or resident wearing our slippers it is best to also use a Secure<sup>®</sup> Gait Belt in the event you unexpectedly encounter a wet or slippery floor surface. The grooved soles of our slippers will not be effective in preventing slipping on a wet or slippery floor surface. Always ensure the soles of the slippers are completely dry before allowing a patient or resident to ambulate unassisted.**

**Washing Instructions:** Machine wash in warm water at 105F or 40C. A non-chlorine bleach may be used. Tumble dry on medium heat.

**WARRANTY:** Personal Safety Corporation warrants this product to be free from factory defects in materials and workmanship for a period of 90 days from the date of purchase. Warranty is void if this product is misused, abused or damaged. No warranty or responsibility of use expressed or implied.
