

FALL MANAGEMENT SLIP-RESISTANT SHOWER SHOES

Model # SRSS-1 • Made In China

Ideal for use in nursing homes, hospitals, at home, dorms, gym locker rooms & hotels

- Heavy duty grooved soles tested & proven to resist slipping on wet surfaces. Obtain copy of slip-resistant test results at http://www.padalarm.com/images/ShowerShoe_TestResults.jpg
- Latex-free
- Soft, comfortable nylon mesh uppers
- No inside back seam to create heel skin issues
- No inside front toe seam to create toe skin issues
- Expanded soft foot opening for comfort & user or staff member to easily place shower shoes on feet
- Higher back on uppers to minimize slippers coming off feet when worn
- Sized for men and women

CAUTION: If assisting a high fall risk patient or resident it is always best for staff to also use a Secure[®] Gait Belt to assist the patient or resident when wearing shower shoes. The heavy duty grooved soles of these shower shoes have passed a slip-resistant test conducted on wet floors. However, due to ambulatory issues associated with high fall risk patients or residents always have a staff member or members assist a patient or resident wearing these shower shoes to prevent a fall.

If wearing these shower shoes for personal use outside of a healthcare setting always exercise caution if you have ambulatory issues or are under the influence of medication or alcohol.

Washing Instructions: Hand wash in warm water. Do not bleach. Hang dry. **DO NOT DRY IN DRYER.**

WARRANTY: Personal Safety Corporation warrants this product to be free from factory defects in materials and workmanship for a period of 90 days from the date of purchase. Warranty is void if this product is misused, abused or damaged. No warranty or responsibility of use expressed or implied.
